Subject: FW: 54 Old Oak Street

Todd,

This morning the applicants engineer, Mr. Martel dropped off a revised report titled "Drainage Report 54 Old Oak Road West Hartford Connecticut May3, 2018 revised 5/5/2018" that shows there will be a slight decrease in the rate of storm water to the abutting property to the north.

The engineering aspects of the plan are acceptable.

Charles Guarino, P.E.

Civil Engineer II

Town of West Hartford
